1. Reference request for telephone intercept of subject brought to mind an E. HOFFMANN who has appeared in some intercepts which BOB is running. There may be no connection, but your intercept might bring something of interest for BOB and I'll watch for any of interest to you.

2. Briefly, BOB is watching with interest Roman SCHALLENBERG who hangs on the dis periphery of Zipper and on whom we can get little information. One intercept was an illegible postcard to Roman's wife from E. HOFFMANN, Berlin Niederschoeneweide, Adlergestell 139, he may be some relative of hers. What makes it possibly interesting to you is that our general intercepts on Roman have revealed an intensive activity in international business, including very definitely arms, etc, with specific lines running into Sweden, Switzerland, France, etc.
